

## PARENTAL RIGHTS

As a husband and father of two wonderful children, Dr. Williams is in favor of school choice and restoring parental rights in education.

## MEDICAL FREEDOM

Government involvement in the personal medical decisions of Americans is an infringement of our inalienable rights as detailed in the United States Constitution. Cordie will work tirelessly to end and prevent federal government mandates that harm our economy, prohibit social interaction, violate our personal freedoms, and create more division amongst the American people.

## ELECTION INTEGRITY

Dr. Cordie Williams is the only candidate in this race who is unafraid to acknowledge the existence of fraud in our election system. Dr. Williams will support measures that rebuild the integrity of American elections, including forensic audits of all elections, photo ID requirements, signature matching, frequently cleaning voter rolls, and prohibiting ballot harvesting.

## PROTECTING AMERICA

As your next U.S. Senator, Dr. Cordie will keep our Country first, vote to end all arms deals with foreign countries, decrease the level of foreign aid handed out to countries that hate us, and hold China accountable. Your safety, freedom, and quality of life is his priority.

Cordie's message of parental rights, personal freedom and economic opportunity resonates with all voters.
